There is no limit on how many stands a member can place on the properties, but all must be pre-approved by the officers regarding design, condition, and location. Stands will be numbered on the map. Stands not on the map must have the owner's name on the stands. This allows the members to hunt any stand on our properties.
2. If an officer takes a stand out of service and off the board due to Safety concerns. **THAT STAND CANNOT BE HUNTED** until an Officer inspects the stand to ensure safety for all our members.
3. Stands cannot be moved after Labor Day through the end of the season without officer approval.

Stand owners have priority to mark out to one of their personally owned stands. At 5:30 am, stands are selected on a first-come, first-served basis.
5. Gratis members and visitors must hunt on the same tract and in the general vicinity of their sponsoring member.
6. Any member that decides not to rejoin the club has until Feb. 15th to remove their stand. After that date stands become property of the club unless arrangements are made with an officer. Any person on club property after February 15th without officer approval will be considered trespassing.
